

Inmarsat IsatPhone2

Mobile Satellite Phone

Available now – Inmarsat’s new-generation handheld satellite phone will keep you connected in the most extreme and remote locations. A robust handset, unrivalled battery life, excellent voice quality and the reliability you expect from the world’s leading provider of mobile satellite communications – IsatPhone 2 delivers it all.

The new-generation IsatPhone 2 joins IsatPhone Pro in our handheld satellite phone portfolio – bringing more choice to customers wanting the reliability Inmarsat delivers.

IsatPhone 2 is a tough phone for a tough world. The robust handset has been engineered to cope with anything that nature can throw at it – from searing heat to icy blasts, desert sandstorms or monsoon rain. It offers unrivalled battery life – 8 hours of talk time and up to 160 hours on standby.

Together, IsatPhone 2’s design and capabilities – including safety features – make it ideal for the most demanding of users in sectors such as civil government, oil and gas, NGOs, and media.

All the features you need

- Dependable connectivity
- High voice quality
- Voicemail, text and email messaging
- Extended battery capacity
- Assistance button – sends GPS location data and text to pre-set emergency number
- Tracking – sends location information
- Bluetooth for hands-free use
- Incoming call alerts with antenna stowed
- Ergonomic and ruggedised handset

Robust Features

A powerful, dependable satellite phone delivering high voice quality, voicemail, text and email messaging, plus tracking and assistance alert features. All packaged in an ergonomically designed rugged handset.

READY: fast network registration in under 45 seconds and unrivalled battery life, with 8 hours of talk time and up to 160 hours of standby time

RELIABLE: operates over global geostationary satellites ensuring reliable call stability and network connection

Robust: designed and engineered to withstand the most extreme conditions; operates at -20°C to +55°C (larger keypad for easy dialling when wearing gloves); dust, splash and shock resistant (IP65, IK04); humidity tolerance from 0 to 95%

REASSURING: location services, including tracking and assistance button, keep people updated of your GPS coordinates when it matters. Receive notification of inbound calls even with antenna stowed

READABLE: easy-to-use interface with large high-visibility, scratch-resistant transreflective display that is readable even in bright sunlight
